

Introducing the new

T SERIES

Monitoring at a touch:
the ultra-easy user solution

- » Criteria pollutant gas analyzers
- » Trace gas analyzers
- » Specialty gas analyzers
- » Mass flow calibrators
- » Continuous emissions monitors
- » Process, safety, and cleanroom monitors

T Series

Advanced color display, touch screen, electronic architecture, and connectivity features to make the T Series the most capable and versatile air quality analyzer available.

High Resolution Color Graphics Display

- Bright, sharp, clear

Advanced Touch Screen Interface

- Durable glass surface
- Scratch-resistant & cleanable

Fold Down Front and Rear Panels

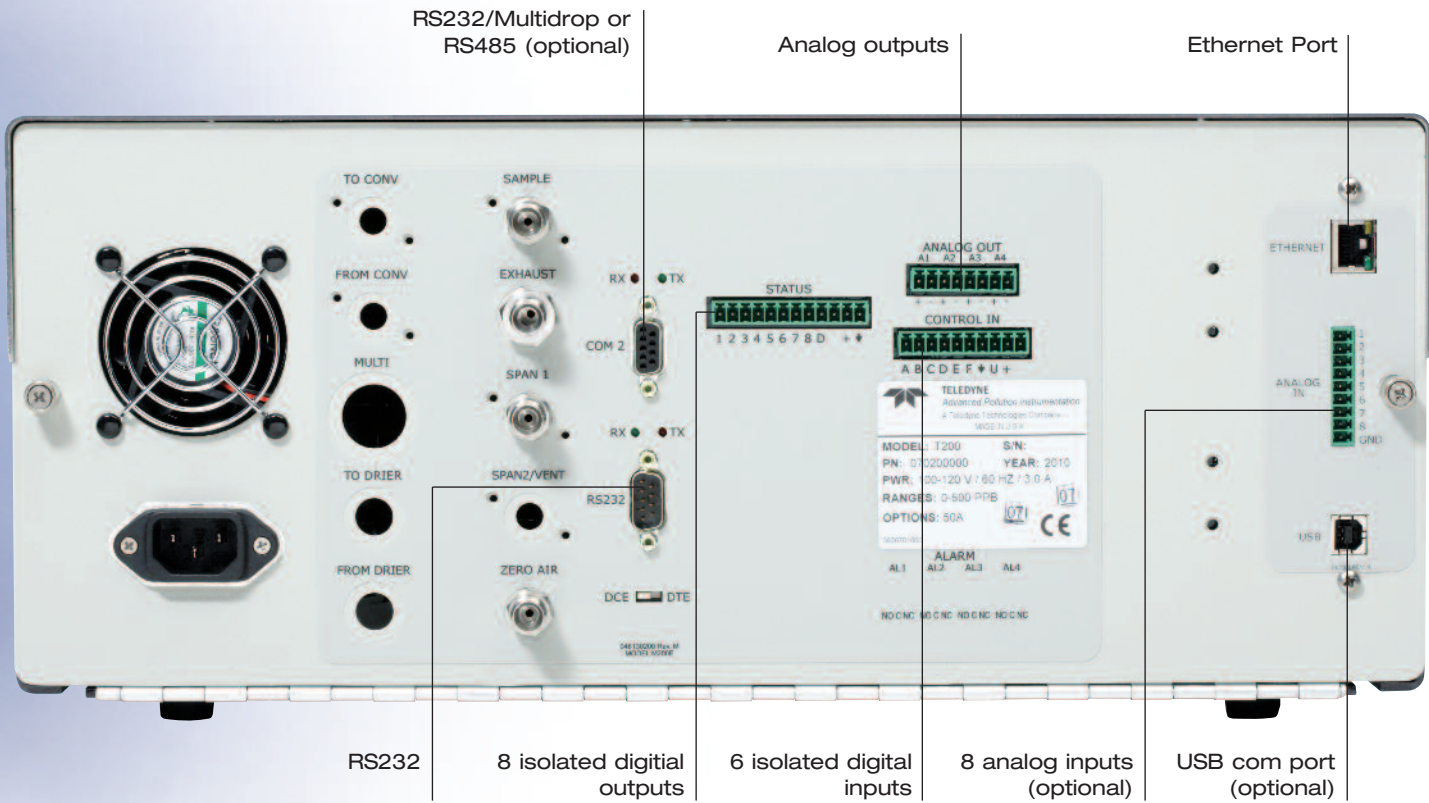

- Easy maintenance access
 - Quick-change filter
-

Front Panel USB Connections

- Mouse
 - Flash drive/memory stick
 - 'One Touch' firmware upgrades
-

easier...faster...better...

Remote operation, diagnostics, and data download
using the included APIcom™ software

TELEDYNE
ADVANCED POLLUTION INSTRUMENTATION
A Teledyne Technologies Company

Teledyne Advanced Pollution Instrumentation

A history of technological innovation has made Teledyne a world leader in air quality monitoring instrumentation.

Teledyne Advanced Pollution Instrumentation, Inc. (TAPI) is a worldwide market leader in the design and manufacture of precision analytical instruments used for air quality monitoring, continuous emissions monitoring, and specialty process monitoring applications. Our products include a complete line of Air Quality Monitoring (AQM) instruments, which comply with the United States Environmental Protection Administration (EPA) and International requirements for the measurement of criteria pollutants.

Since 1988 TAPI has combined state of the art technology, proven measuring principles, stringent quality assurance systems and world-class after sales support to deliver the best products and customer satisfaction in the business.

For further information on our company, our complete range of products, and the applications that they serve, please visit www.teledyne-api.com or contact sales@teledyne-api.com.

Sales and Service Worldwide

- » Two year warranty
- » Free customer support by telephone and email for the life of the instrument
- » Technical training in our state-of-the-art facility in San Diego, California
- » Field service, maintenance, and technical training
- » Factory repairs
- » Web based support tools.
